

SIRIUS-LMS update [April 1st 23:00 update]

✂LMS will be down from 20:00 to 22:00

We are pleased to announce that update of SIRIUS-LMS is scheduled for April 1st.

Update Details

- 1. Change in user ID display**
- 2. Menu name change**
- 3. Addition of Gradebook**
- 4. Added sorting function by “Tests” and “Assignments”**
- 5. Enhanced "roster" functionality**
- 6. Email notifications for "Announcements“, “Tests“ and "Assignments”**
- 7. Modify the text of the email notification**

1. Change in user ID display

The display of user IDs will change as follows

	If you are logged in with a faculty account	If you are logged in with a student account
Display of faculty ID	TUAT-ID display	TUAT-ID display
Display of student ID	User ID (student ID number) display	TUAT-ID display

2. Menu name change

3. Addition of Gradebook

The menu names will change as follows. In addition, Gradebook will be added.

The screenshot displays the SIRIUS Connect Learning interface. On the left is a vertical menu with items: lesson, お知らせ, Forums, メッセージ, Tests, リソース, 課題, Gradebook, 名簿, カレンダー, サイト情報, and ヘルプ. On the right is the main content area. A callout box at the top left says "Lesson → Class" with arrows pointing to the "lesson" menu item and a "Class" menu item in the main area. Another callout box says "Forums → Discussions" with arrows pointing to the "Forums" menu item and a "Discussions" menu item in the main area. A third callout box says "Tests and Quizzes → Tests" with arrows pointing to the "Tests" menu item and a "Tests" menu item in the main area. A large yellow callout box points to the "Gradebook" menu item and contains the text: "What is the Gradebook? A tool of collect the students' scores of tests and assignments." The main content area also shows a list of class items: "第1回/Class1", "第2回/Class2", "第4回/Class4", and "第5回/Class5".

4. Added sorting function by "Tests" and "Assignments"

In "Test" and "Assignment", sorting by user ID (student ID number) will be available.
